10 Retransmitted with compliments -

11 An Ayurvedic Dispensary, may, as proposed by the Municipal Commissioner, be opened in Bangalore City and its charge entrusted to a qualified Ayurvedic Pandit

12 I am of opinion that at present a good dispensary for out-patients may be started and the question of extending it for a in-patient department may be examined after a year hence

Offg Senior Surgeon

1 The Mil Cmr has reported that there is one Ayurvedic & one Unani dispensary maintained by the municipality at a total annual expe of Rs 4572/- He considers it possible to amalgamate the said two dispensaries of the indigenous system & with a suitable grant from Govt, a hospital could be established.

11 The estimated cost of a model Unani Hospital (300 patients daily, with 20 beds) is about Rs 8346/- p a. (vide flag Y). What it would cost

WD 04155—GPB—55 000—23 10 41

Ayurvedic Hospital — Bangalore City

File No 5150/L of 194 General and Revenue Secretariat

to open a combined Ayurvedic Hospital is not known. It is stated that information has been called for from the Principal Combined Ayurvedic & Unani Hospital & College at Mysore & the reply is awaited. The Govt will be reminded to state if the reply has since been received & if so, to send it up.

The point for consideration & orders is whether it is proposed to open a combined Ayurvedic & Unani Hospital or whether these two institutions may be separate. If this is decided, it would be easy to calculate the amount of cost of opening & maintaining them and apportion the same between the M.L.A. & the Govt.

In pursuance of orders

BEOY LAW DEPT 4195 12 MAY 1942 GOVT OF MYSORE

Returned with compliments

(8) The proposals of the Principal, Ayurvedic and Unani College, Mysore, agreed to by the College Committee and received with ~~the~~ letter No 750 dated 10-3-1942 from the Vice president (copy enclosed), re the opening of an Ayurvedic Hospital in Bangalore City, are sent herewith. It is seen therefrom that the recurring and non-recurring expenditure amounts to Rs 10,100 per annum and Rs 5,000, respectively.

(9) Though similar details in respect of opening a Unani Hospital have not been furnished, the College Committee's resolution is to the effect that a Unani section be also opened in the Hospital, simultaneously.

(10) From the current year's budget estimates of the Ayurvedic and Unani College, Mysore, it is seen that a total sum of Rs 7,750 to Rs 8,000 is the estimated expenditure per year, of the ~~xxx~~ Unani Hospital attached to the College. Roughly, therefore, the recurring expenditure on the combined Ayurvedic and Unani Hospital in question would be about Rs 18,000 per annum.

(11) From the letter No C2-C 643/41-42 dated 27-2-42 addressed to Government by the Municipal Commissioner, Bangalore City, it is seen that at present the Municipality is incurring an expenditure of Rs 4512 per annum to run the Ayurvedic and Unani Dispensary maintained by it. Deducting this amount which could

Serial No

be used for the proposed combined Ayurvedic and Unani Hospital, the net amount that may be required for running the Hospitals would be about Rs 13,500 to Rs 14,000 per annum The Municipality may give some part of this amount and the rest met from State funds and, to some extent, from the Chattram Savings Fund

Copies of communications containing the opinion of the Senior Surgeon and the Deputy Commissioner, Bangalore District, in the matter, are also sent herewith

M Venkatesabyengar

11th May 1942 Fuzrai Commissioner

Hm 12/5/42

27) The above proposals are subd for consideration & orders with refce to para 17 supra

28) If the establishment of a combined Ayurvedic & Unani Hospital is decided upon, the Govt portion of the expse may be met out of the provision of Rs 1 lakh of rupees proposed to be made in the Draft State Budget Estimates for 1942-43 under "Encouragement of Ayurvedic & Unani System of Medicine in the States"

26/5

33 Yes file 15-7-42

Sd B Lite 15/7/42

The file relating to the opening of an Ayurvedic Hospital and a Unani Hospital in Bangalore city is put up.

The Surgeon Genl has presented his opinion to the effect that, for opening the Ayurvedic Hospital, a non-recurring expe of Rs 5000 & a recurring expe of Rs 10000/- would be required

For opening a Unani Hospital on the lines of that attached to the Ayurvedic & Unani college at Mysore, the recurring expenditure would be Rs 8000/-

Serial No

3) The non recurring expe to be proposed to be met from out of state funds. In regard to the recurring expe amting to Rs 18000 per year, it is proposed to be met out of the contributions of Rs 4 5 12/- of the above city tot cl, the state funds and the chattram savings funds. A sum of Rs 10,000/- may perhaps be secured out of the grant of Rs 50,000/- under encouragement to Ayurvedic & unani systems of medicine in the state budget for 1942-43.

38 Points for consideration in this connection are as follows:—

1) Whether the two hospitals vz Ayurvedic & unani should be located in one & the same building in diffpt wings or in separate buildings If so, suitable buildings will have to be secured perhaps on rent. The localities will also have to be kept in view

2) The definite scale of expenditure to be incurred will have to be fixed: In the initial stages, the elaborate establishment proposed for the Ayurvedic

NOTE—Cont Sheet

Ayurvedic & Unani Hospitals may not be necessary. It can be added to as the number of patients increases

3) The Mahajan will have to be requested to make over the sum of Rs 4572 now spent by them towards the Ayurvedic & Unani Dispensaries towards the opening of the combined Hospital

4) Similarly the Maharajah Govt will have to be requested to see that a sum of at least Rs 4000 to begin with is made available towards the objects of the Chattram savings fund every year

5) The question as to who should control the working of the Hospital is for consideration - the Maharajah Govt or the Senior Surgeon. Perhaps a small committee consisting of the representatives of the Mahajan, the Maharajah Govt, the Senior Surgeon, one or two Hindus ~~[illegible]~~ & one or two Muslims would be necessary

3) Orders on the above points are solicited

75 Pl put up since the Commnd report ~~referred to~~ since received
6/1/43

76 The Report to put up as directed
6/1

77 The Committee appointed in Government Order No 2880 8/Ml 173 of 41-2 dated 9th ~~December~~ September 1942 to go into the question of starting a combined Ayurvedic and Unani hospital in Bangalore City have submitted their report

It is unanimous in all respects

78 The following are the heads under which the recommendations are made

(1) Control (2) Location (3) Establishment (4) Non-recurring charges and (5) Other general matters

The Committee suggest that the Institution may be named as Sri Jayachamarajendra Ayurvedic and Unani Hospital after obtaining the gracious permission of His Highness the Maharaja

CONTROL

79 Pending the formation of a separate department to control Indigenous Medical Institutions in the State on the recommendation of the Committee constituted separately to examine that question, this hospital may be under the administrative control of the Muzrai Commissioner as President, the Municipal Commissioner, Bangalore City, as Vice President assisted by an Advisory Committee for the present This recommendation may be accepted

LOCATION

80 The Committee recommend that both the Ayurvedic and Unani Systems may be located in one and the same building not only to facilitate supervision and control but also to co-ordinate work of the two systems of medicine building either in Narasimharaja Road or Chamarajpet Ist Road, Bangalore City, is considered suitable until building according to an approved design is constructed in a central area like the maidan behind the old Metal and White Lead Factory

81 For the present a building is required to be rented

rented out, if possible the ground floor of the Mysore Sugar Company buildings and a provision of Rs 200/- per mensem is made for the purpose The ~~Revenue~~ Inspector Commissioner has promised to put himself in communication with the authorities of the Mysore Sugar Company, if the above building could be made available for the purpose for rent after the City Post Office which is now located there is shifted to its original building

ESTABLISHMENT

82 The cost of each of the Sections according to the scale of establishment proposed would come up to Rs 7,822/- per annum, the said scale being uniform for both the sections Provision is made for 12 beds in each section. Including the charges for medicine, diet, linen, contingency and rent, the total cost is estimated at Rs 30318/- per year A Medical Officer on a pay of Rs 150-10-250 is proposed He will be in the administrative charge of the combined hospital and will be responsible for its management besides attending to professional work The merging of the establishment now employed in the Ayurvedic and Unani dispensaries maintained by the Bangalore City Municipality is also suggested It is for orders whether the scale of pay proposed for the establishment may be accepted In the initial stages it may not perhaps be necessary to have the full complement of the establishment and the full strength may be entertained in the course of two or three years, after judging the size of the work turned out in the two dispensaries.

83 The source for meeting the cost is proposed to be as follows

(1) Bangalore City Municipal Council have agreed to give a sum of Rs 4,512/- which they are now spending

every year for the maintenance of the Ayurvedic and Unani dispensaries This may be utilized (2) The Muzrai Commissioner has agreed to make available a sum of Rs 4,000/- out of Chattram Savings Fund (3) The balance of the recurring expenditure to be met is Rs 21,806/- which is to be ~~made by the Government.~~ provided for out of the State

NON-RECURRING EXPENDITURE

This consists of items of furniture, linen, surgical instruments, laboratory, utensils and articles to be utilized in the Wards, kitchen and the pharmacy section This initial expenditure is estimated at Rs 12,000/- and it is recommended to be met by the Government out of the State funds during the current year and the next year

The other general proposals made are about the internal administration of the institution, which may be left to the advisory committee referred to above and the Medical Officer to be appointed

Out of the provision of 50,000/- made in the State Budget during the current year towards the encouragement of indigenous systems of medicine, a sum of Rs 10,000/- is set apart for the starting of the proposed institution Arrangements may perhaps be made to start the institution from 1st March 1943, after securing a suitable building for the same and making other preliminary arrangements The above amount would be enough for three months namely March, April & May during the current year and full provision for ~~extent~~ expenditure required will have to be made in the next year's State Budget for recurring and the balance of non-recurring charges The exact amount can however be determined after orders are passed on the proposals under consideration

SEC DEPT GOVT

WD 1140—GPB—50 000—5-11-42

For orders Law secy 12/11/43

86 The suggestion of the Committee which has thoroughly gone into the question that the Institution may be named as "Sri Jayachamarajendra Ayurvedic and Unani Hospital" may be accepted after obtaining the gracious permission of His Highness

Control

87 The recommendation that the Hospital should be under the administrative control of the Muzrai Commissioner as the President, the Commissioner, Bangalore City Municipal Council as the Vice-President, and assisted by an Advisory Committee may be accepted

Location

88 The Committee suggests that the Combined Hospital should have a building of its own and that a suitable building with provision for future additions may be constructed preferably on the southern end of the maidan behind the Old Metal and White-lead Factory or on any other suitable site in the central area to be selected for the purpose In the mean-time the Committee suggests the housing of the Hospital in a rented building The ground-floor of the Sugar Company building is considered to be suitable but it is doubtful if this will be available The Commissioner, Bangalore City Municipal Council may be requested to arrange to secure a suitable building for the purpose

Establishment

89 Considering that the similar institution in Mysore has been very popular there can be no doubt of the Institution in Bangalore becoming equally popular provided

competent doctors are appointed and suitable ~~mar~~ provided for. Unless attractive pay is offered persons will not be forthcoming Therefore expenditure in this respect should not be stinted Therefore the scale of pay proposed as well as the establishment which are within reasonable limits, have to be accepted Annexure III gives the details regarding the same A Medical Officer to co-ordinate and control the working of the two sections of the Hospital is also necessary His pay Rs 150-10-250 appears to be reasonable

90 Towards the recurring expenditure the Bangalore City Municipal Council have agreed to give a sum of Rs 4512/- which they are now spending for the maintenance of the Ayurvedic and Unani dispensaries and the Muzrai Commissioner has agreed to make available a sum of Rs 4000/- out of the Chattram Savings Fund The balance of Rs 21806/- has to be met out of the State Funds

91 The non-recurring expenditure required for the purchase of furniture, surgical instruments, laboratory requirements etc , is estimated at Rs.12000/-.

92) A sum of Rs 10000/- is ~~xxxxxx~~ set apart for starting the Institution out of the provision of Rs 50000/- made in the Budget for the current year for the encouragement indigenous systems of medicine If the Institution is started on 1st March 1943, the amount would be sufficient for expenditure required for three months The details regarding it will be worked out

101 This is a part of the general policy of giving effective encouragement to the so-called indigenous & Eastern systems of medicine specially in a place like Bangalore where the municipality is spending some amount in this direction, the resources could be pooled together and the hospital attracts public attention, certainly it would go a long way of reducing the expenditure of services either in replacement or substitution not only in Bangalore but in the whole State. I feel the expenditure is worth incurring by

FINAL NOTE BY THE MINISTER FOR LOCAL SELF-GOVERNMENT AND PUBLIC HEALTH

Subject — Starting of a combined Ayurvedic and Unani Hospital in the Bangalore City

------ O ------

(113) Government, in their Order No L 2880-8/Ml 173-41-8 dated 9th September 1942, appointed a Committee consisting of the members noted in the margin to examine the question of starting a combined Ayurvedic and Unani Hospital in the Bangalore City and submit suitable proposals in the matter

1 The Muzrai Commissioner in Mysore (Chairman)
2 The Senior Surgeon with the Government of Mysore
3 The Municipal Commissioner, Bangalore City
4 Mr C Machiah, B A , Retired Municipal Commissioner, Bangalore City
5 Mr Narayana Pandit, Gandhinagar, Bangalore City
6 Shafiq-ul-mulk Khan Bahadur Mohamed Abbas Khan, Bangalore City
7 Hakim Mr Mohamed Abdul Salam Aslam, K T J General Secretary, The Mysore State Unani Tibbi Conference, Bangalore

The First Assistant to the Revenue Commissioner in Mysore (will) be the Secretary to the Committee

The Committee have accordingly submitted an unanimous report on the subject and the following are the main recommendations

(i) That a combined Ayurvedic and Unani Hospital, with a provision for 12 beds in each section and with a pharmacy attached to it, may be started at a central place to be selected in the City, at recurring expenditure of Rs 30,318/- per annum and a non-recurring expenditure of Rs 12,000/- per annum, the Hospital being accommodated in a suitable rented building for the present,

(ii) That the proposed institution may be named as "Sri Jayachamarajendra Hospital

Orders will be separately sought

(iii) That, pending the passing of orders on the question of formation of a separate department for the purpose of supervising the Ayurvedic and Unani Dispensaries in the State, the administration of the proposed Hospital may be entrusted to an Advisory Committee, having the Muzrai Commissioner as the President and the Municipal Commissioner as the Vice President.

(F N —contn)

(iv) That the non-recurring expenditure may be met entirely by Government spread over the current and the next year, if necessary and that the recurring expenditure may be met from the following sources –

The Bangalore City Municipality	Rs 4,512/-
The Chatram Savings Fund	4,000/-
Government	21,806/-
Total	Rs 30,318/-

c 102 114) I consider that the opening of this institution would be a part of the general policy of giving effective encouragement to the Ayurvedic and Unani system of medicine in the State and that, if it attracts public attention, it would go a long way to reduce the expenditure of allopathic services by the substitution of indigenous medicines, not only in the City but also in the whole State It is therefore proposed to sanction the recommendation of the Committee

arc 103, 114, 'B' 115) The Dewan and the other Ministers agree and I solicit the gracious sanction of His Highness to the proposal

Dewan of Mysore, Bangalore

Respected Sir,

We, the residents of Bangalore city, most respectfully beg to bring the following prayers for your sympathetic consideration.

Since the out break of war the foreign medicines have become very dear and most of them are not at all available in our local shops So we are experiencing countless difficulties as we are unable to get proper treatment and care in the local hospitals

In view of the aforesaid facts, we most humbly pray your honour to establish a Government Unani Hospital for in and out patients with accomdation for at least twenty beds in the City area, If may not be out of place to mention here that a smiliar type of hospital which is in existence in Mysore is attached to the Libbia College, through which the public have been berefitted to a very great extent by the Unani system of treatment as the indegenous herbs and drugs are always available at hand

In conclusion we pray that your gracious self would take up the question at your earliest convenience and do the needful, for which act of kindness we shall ever remember you with gratitude and respect

We beg to remain,
Sir,
Your most humble subjects

BRIEF NOTE ON THE ACTIVITIES OF THE MUZRAI DEPARTMENT

The Institutions in the State under the control of the Department and the several Charities outside the State, continued to work well

The following are the important measures relating to this Department, which are either undertaken or are under contemplation

(1) Government have, in their Order No 1890-2/Muz 274-41-2 dated 28-4-1942, sanctioned an estimate for Rs 1,10,000/- for the construction of a Pucca Ghat at Benares, the charge being met in equal proportions from the Chattram Savings Fund and the General Muzrai Fund

(2) Government have delegated to Deputy Commissioners of Districts, the power to accept Charitable Endowments where the amount does not exceed Rs 1,000/-

(3) A proposal to open, each year, a definite number of Ayurvedic and Unani Dispensaries in the Moffusil is under the consideration of Government There is also a proposal to open a combined Ayurvedic and Unani Hospital in Bangalore City, on the same lines as that in Mysore, the expenditure on this account being met partly from State Funds and partly from the Chattram Savings Fund and the Bangalore City Municipality

(4) The question of re-organisation of the Ayurvedic and Unani College and Hospitals at Mysore, is under consideration

(5) Government, in their Order No 1367-9/Muz 255-41-2 dated 7th February 1942, have directed the appointment of an Advisory Committee including leading persons of the Digambar Jain Community, both in and outside the State, to advise them about the management of the Sri Sravanabelagola Gomateswaraswami Mahamastakabhisheka Fund and to suggest and help in making proper and efficient arrangements for the conduct of the Mahamastakabhisheka Ceremony regularly, in future

M N Ramachar

For Muzrai Commissioner

Government Ayurvedic and Unani
College Mysore, dated 28 2 42

Subject No 3 - Framing of proposals for the opening of an Ayurvedic Hospital with an in-patient ward consisting of ten or fifteen beds at Bangalore

The following note on the above subject ~~is submitted for consideration~~

Item N (1) Building - A convenient and suitable building similar in size and description to the New Ayurvedic Hospital building, Mysore, with sufficient space for the accommodation of twelve in-patient beds, female and male out-patient dispensing sections, having in its compound a kitchen and a pharmacy - - preparation room in one row as per design of the kitchen block of this institution and mortuary in the premises is necessary for housing the intended hospital in a good sanitary locality in the heart of the City The cost of such a building may not exceed Rs 25,000/ which sum may be raised by public donations by moving the lovers of Indigenous systems of medicines and broad minded and philanthropic public gentlemen in affluent conditions, supplemented by Government grant if it is not possible to realise the sum required by donations alone

Pending the construction of a building in the manner indicated above, a suitable building may be taken up on a monthly rent of Rs 60/ to 75/ per month

The Hospital may be called " The Government Ayurvedic Hospital " Bangalore

Item No 2 - Establishment as detailed below is necessary for the efficient and prompt discharge of work in the Hospital

Sl No	Designation	Number of hands	Pay	Remarks
1	Medical Officer in charge of the Hospital	One	100-10-150 plus allowance of Rs 25/p-m- He will also be the R M O	He will be the immediate Officer in charge of the hospital being solely responsible for the general superintendence, discipline, efficient management, quick discharge of office work and the smooth running of the institution subject to the control of higher authorities in all matters pertaining to the Hospital He will be the drawing officer

(-1)

			also and will cause to maintain such registers and forms and records as are in vogue in similar Ayurvedic institutions in the state and as may be prescribed by the higher authorities, Government and Comptroller from time to time He will be in charge of both the in-patient and out-patient sections assisted by the Ward-assistants and the lady pandith
2	Pharmacy Assistant	one on Rs 30-~~2-40~~	To look after the preparation of the medicines in the Pharmacy according to the sastric principles and to be in charge of prepared medicines and raw drugs kept in that section

Dewan

From Hakim Md Abdus Salam K T J (Secy.)
President

To
The Dewan Sahb
The Nusrat Commissioner,
in Mysore,
Bangalore City

Sir,

1) In connection with our Deputation of the Members of the Working Committee, which waited upon the Dewan of Mysore and your Noble self on 4th January 41 of the Unani system of Medicines in our State, I beg to submit herewith a detailed scheme and estimate for the opening of the MODEL UNANI HOSPITAL (both In-door and Out door)) in Bangalore City to be named as SRI JAYA CHAMARAJANDRA ~~XXXXX~~ MODEL UNANI HOSPITAL as resolved by the Working committee at their special meeting held on the 15th December, 1940.

2) 300 patients may be treated per day with 20 beds in the above Hospital The annual expenditure incured for the ~~xxxx~~ establishment of such a Hospital will amount to Rs 8346/- as detailed below.

Preparation of Medicines

The herbs and drugs can be availabe and collected from the vast forests of the State and Medicines may be prepared by the staff which can be sold to general public.

7) OTHER ITEMS

Rs. 400/- per annum may be provided for various articles required from time to time to the Hospital

8) CONTENGENCIES .

Rs 100/- per annum may be allotted for the Contengencies.

9) UNANI BOOKS

Rs 50/- may be alloted for the Unani Books for reference

10) With a daily attendance of 300 patients, 1,08,000 patients can be treated annually with beds in the inpatient wards the cost of treatment for each patient per day comes to about ps 3½. This clearly indicates the easy assessibility, cheapness and efficacy of the Unani

system of medicine.

11) After a period of 3 years the Hospital establishment may be able to stand on its own income and recover the wholeamount spent through the sales of medicines and incidental charges By this way the public as well as the Government will be benefited.

12) Therefore for the above mentioned reasons, the request of the Working Committee of the Conference to open a Model Unani Hospital in a central place as resolved in the Special Meeting held on the 15th December, 1940, may be kinkly considered favourable and benign orders may be passed at an early date

13) The Hospital may be kept under the supervision of the Muzrai Commissioner in Mysore, and he may also be president for the same, and the Municipal commissioner of the Bangalore City Municipalty should be appointed as the voice president.

An advisory committee may be appointed with five members to go into the question

To

H B GUNDAPPA GOWDA, Esqr , B A , B.L ,
MINISTER FOR LOCAL SELF GOVERNMENT &
PUBLIC HEALTH, B A N G A L O R E
****

Most Respected Sir,

We, the undersigned residents of Bangalore City, feel the necessity of having an Ayurvedic Hospital in - - Bangalore City, with ten or fifteen beds to start with, - for such of the patients who have good faith in this treatment, and also wish to remain as in-patients in the Hospital This course would surely go a long way to encourage the - - Ayurvedic Science and in course of time it is sure to develop to a better condition and our State would set up an example to others in this direction Now-a-days the Allopathy Hospitals are all over-crowded Even foreign medicines are not always available and lot of difficulties felt now a days, especially on account of war

As a great encouragement to Auyurvedic Science, which is practically neglected for want of sufficient encouragement, we earnestly request that the benign Government of His Highness the Maharaja may be pleased to start an Ayurvedic Hospital in the premier City of Bangalore, and that early steps are taken to start this institution immediately For this act of kindness, we shall ever remain grateful

Yours most respectfully,

Bangalore

Sir,

Re - starting of a combined Ayurvedic and unani hospital in Bangalore City

With reference to G O No L 2880-8/M 173-41-8 dated 9th September 1942 constituting a Committee to go into the question of starting a Combined Ayurvedic and Unani Hospital in Bangalore City and submit definite proposals in regard to certain points referred to therein, I have the honor to forward herewith a duplicate copy of the report of the Committee together with its four appendices and to state that the original report has been signed by all the members of the Committee except Mr Machiah, who is not in Station He has generally agreed with the draft report and almost all the changes proposed by him are incorporated in the report Immediately after his return to the station the report will be got signed and forwarded

The Committee are unanimously of opinion that the ground floor of the Sugar Company building in Sri Jaya Chamarajendra Road is best suited for locating the proposed hospital immediately, pending construction of a separate building of its own I am in correspondence with the Company to see if it can be had for a reasonable rent The Municipal Commissioner, Bangalore City, has also been requested to be on the look out for a suitable building or buildings for locating the hospital if the Sugar Company building cannot be had for a reasonable rent I shall submit a further report in this behalf in due course

R E P O R T

We, the members of the Committee constituted to go into the question of starting a combined Ayurvedic and Unani Hospital at Bangalore City beg to submit the following Report.

Under the terms of reference of G.O.No.L.2880-8/ Ml.173-41-8 dated 9th September 1942 constituting this Committee, we have been asked to go into the question of starting a combined Ayurvedic and Unani Hospital at Bangalore City and submit definite proposals in regard to the following points:—

1). Location of the Hospital - either combined or separately.

2).
(a). Strength of establishment for each of them

(b). Scale of pay to be allowed to each of them

(c). Other items of expenditure

3). Department under whose control the Hospital should work.

4). Other allied matters that may be useful in this behalf.

The Committee met 3 times - on the 22nd and 30th September and 10th October 1942; and all the members were present during all the meetings. The resolutions adopted at these meetings are contained in Annexure I. Messrs. Shafiq-ul-mulk Khan Bahadur Mahomed Abbas Khan, C Machiah and Hakim M.A. Salam had sent written opinions and copies of the same are enclosed as Annexure II.

The Committee realise that the present time is most opportune for giving an impetus to the scientific development of the indigenous systems of medicine. In view of the fact that the bulk of the people in rural areas have considerable faith in these systems of medicine and as the drugs used are cheap and also because great difficulty is experienced in obtaining medicines from

foreign countries at the present time, the Committee feel that the scheme referred to them for detailed examination starts under very favourable conditions and envisages a great and useful future.

At present, one Ayurvedic and one Unani Dispensary are maintained by the Bangalore City Municipality, wherein provision exists for the treatment of Out-patients only. The Committee recommend that the existing dispensaries may be converted into a single hospital with provision for 'In' and 'Out' patient departments with a pharmacy attached to each section. To begin with, provision is proposed for 12 beds in each of the In-patient wards of the two sections. The Committee are further of opinion that the two hospitals, Ayurvedic and Unani, may be treated as one Combined institution under one management as separate units.

C O N T R O L . - - The Committee are given to understand that the Special Committee constituted in G.O. No.L.1786-1821/L.B.59-42-2 dated 10th August 1942 to examine the question of encouraging the indigenous systems of medicine have recommended the formation of a separate department to control the Indigenous Medical Institutions in the State. Pending consideration of the recommendation of the above committee we are of opinion that, as in the case of the Mysore Ayurvedic and Unani College and Hospitals, the proposed combined hospital in Bangalore City should also be under the Administrative control of the Muzrai Commissioner, as President, the Municipal Commissioner, Bangalore City, as Vice-President, assisted by an Advisory Committee.

L O C A T I O N : - - The present Ayurvedic Dispensary is located in Purniah's Choultry building, Balepet, Bangalore City, and the Unani Dispensary in one of the shops attached to the New Market, Bangalore City. For housing the hospital sufficient room for the accommodation of In-patient beds, Out-patient dispensing sections for men and women, examining and consulting rooms, pharmacy section with kitchen, besides

besides a mortuary etc. is necessary. Considered from this point of view, the existing buildings will not be useful for the location of the proposed hospital. We have also considered the question as to whether the two hospitals should be housed in one and the same building or in different buildings in the same locality or in different localities, etc. and we have come to the conclusion that the proposed hospitals should be located in one and the same building in two different wings in a central area as it would not only facilitate supervision and control but would also enable co-ordination of work between the two systems of medicine. Either Sri Narasimharaja Road or Chamarajapet I Road, Bangalore City, would be the most suitable localities wherein such a hospital could be located.

The Committee are of unanimous opinion that the Combined Hospital should have a building of its own and as such recommend that a suitable building with provisions for future addations may be constructed preferably on the southern end of the maidan behind the Old Metal and White-lead Factory if it can be made available or on any other suitable site in a central area to be selected for the purpose. The Senior Surgeon who was requested to furnish the committee with a few designs of the building for the location of the hospital has kindly sent one design which the committee consider as suitable.

Pending construction of such a building and in view of the fact that the existing Municipal Dispensary buildings will not answer the needs of a combined hospital it is necessary for the present to rent out a building or buildings for the purpose. The Municipal Commissioner was requested to suggest a few likely buildings wherein both the hospitals could be located together and if this was not available to suggest two separate buildings in close proximity to each other. A few of the buildings

suggested by him as also by Shafiq-ul-mulk Khan Bahadur Mahomed Abbas Khan were jointly inspected by the members on 7th October 1942, among which was the new building constructed by the Mysore Sugar Company in Sri Jayachamarajendra Road.

The Committee are unanimously of opinion that the ground floor of the Sugar Company building would be most suitable for locating the combined hospital till a separate building is provided for the institution. This building is now rented out to the Bangalore City Post Office on a monthly rental of Rs.200/- and it is ascertained that the postal authorities are contemplating to shift the office to the old building which is stated to be under repairs and that the building would be available before January 1943. Negotiations will be carried on with the Sugar Company for the lease of this building at a reasonable rent. If this building cannot be secured for such rent as the scheme can afford to allot, the Committee have authorised the Chairman and the Municipal Commissioner to fix up another suitable building or buildings. A provision of Rs.2400/- at Rs.200/- per month has however been included in the estimated recurring expenditure.

ESTABLISHMENT - The Committee had before them the statement of establishment now working in the Ayurvedic and Unani Hospital at Mysore. For a Combined In-patient ward and out-patient dispensary with a pharmacy for the preparation of medicines attached to it, the Committee are of opinion that the establishment proposed in Annexure No.III is very necessary. Provision has been made therein, for a Senior Physician for each of the two sections on a pay of Rs.100-5-150 and he will be in direct charge of the hospital and exercise supervision and control over preparation of medicines, the 'In and out' patient wards and the establishment. He will also be Resident Medical Officer and a monthly allowance of Rs.25/- has been proposed for the purpose. This is an important post and his ability,

ability, qualification and experience will create trust and confidence in the public and contribute to the wide popularity of the Hospital. A practitioner of eminence in the profession will have to be selected for the post and for this purpose the Committee recommend that a degree or diploma from a recognised Ayurvedic or Unani College may be fixed as a suitable qualification for the two posts respectively and that preference may be given to men with experience.

Two Junior and one lady physician for each section on a pay of Rs.50-5/2-75 have also been proposed. One of the Junior Physicians will be in charge of the Out-patient section and the other of the pharmacy for preparation of medicines, while the lady physician will attend to women patients and also assist in the In-patient ward when necessary. The other establishment consists of two ward assistants on Rs.30-1-40 each to do duty in the In-patient ward by turns, two compounders on Rs.20-2-30 each one for the out-patient dispensary and the other for the pharmacy, three pharmacy attendants to attend to manufacture of medicines and pills,etc. and two cooks one senior cook on Rs.20/- per month and an assistant on Rs.12/-per month. The services of a clerk who has passed in Accounts with a fair knowledge of typing for maintaining accounts and attend to correspondence of typing are also necessary. The other items of the proposed establishment do not call for any remarks. The average cost of establishment of each of the two sections comes to Rs.651 5/6 P.M. or Rs.7,822 P.A.

In addition to the above, the Committee think that it is necessary to appoint a Medical officer with necessary staff to co-ordinate and control the working of the two sections of the hospital and to secure an efficient administration of the institution The appointment of a Medical Officer in grade Rs.150-10-250 to be in charge

of the Combined Hospital has therefore been proposed. He will be the drawing officer and cause the maintenance of the necessary registers, accounts,etc., that may be prescribed from time to time, and be responsible for office work and the general management of the Combined hospital. He will also attend to professional work. He may be selected from among the physicians holding a degree in the indigenous systems of medicine with a qualification in Allopathy. The Committee are further of opinion that the appointment may be made by the Muzrai Commissioner in consultation with the Municipal Commissioner and the Senior Surgeon. The posts of a clerk, a peon and an attender are also proposed to assist him. The total average cost of the common establishment comes up to Rs.281 1/6 P.M. or Rs.3,374 P.A.

The grade and pay of each appointment proposed by the Committee have been fixed in consideration of the constliness of life in a place like Bangalore and also to secure the services of the most suitable men.

In this connection, it may be stated that both the Ayurvedic Pandit and Unani Hakim now working in the Municipal Dispensaries, have been drawing a pay of Rs.100/- in grade Rs.60-5-100 and have put in a service of 23 and 17 years respectively; and that the former is stated to be a graduate of the Mysore College (1916 batch) and the latter to have passed from the Punjab Homeopathic Medical College, Lahore, (1928) in Ayurvedic and from the Hydropathic Institute, he also holds a diploma of Tibb college delhi in Merit, up ~~in~~ (1928) in ~~for~~ Unani. The Ayurvedic compounder is stated to have passed the Ayurvedic compounding training drawing a pay of Rs.25/- P.M. in grade of Rs.15-1-25, while the Unani Compounder has passed the L.U.M.S. examination of the Mysore Ayurvedic and Unani College and is drawing Rs.24/- per month in grade of Rs.15-1-25. The Committee recommend that the above establishment as also the menials now working in the Municipal Dispensaries may be absorbed

absorbed in suitable posts in the combined section of the hospital.

OTHER ITEMS OF EXPENDITURE:-

(a) MEDICINES:- In the Hospital at Mysore, the average daily attendance is 450 to 500 in the Ayurvedic Section and 600 to 650 in the Unani section of the out-patient dispensary. The average cost of medicine per patient per diem is 3 to 4 pies in the former and 4 to 5 pies in the latter. The accommodation in the In-patient wards is for 12 beds in each section. The average expenditure under medicines in the Mysore hospital comes to Rs.2,000 P.A. as supplied from the pharmacy at cost price. In the proposed combined hospital at Bangalore, it is expected that the average daily attendance would be not less than 300 in each section to begin with. Moreover the free supply of the herbs and drugs from the herbarium attached to the College at Mysore is not available here and the cost of medicine is therefore likely to be slightly higher. In view of all these considerations, the Committee are of opinion that at least, Rs.2,000 P.A. will be the amount that may be required for each of the two sections of the hospital towards medicines. In this connection the Committee wish to recommend that the question of developing the cultivation of medicinal herbs by the Horticulture Department may be investigated.

(b) DIET CHARGES:- In the Mysore Hospital where also accommodation for 12 beds exists in each section the average cost of diet and other necessaries works up from Rs.4-8-0 to Rs.6/- per patient per mensem in the Ayurvedic Section and from Rs.4/- to Rs.5/- in the Unani Section. A provision of Rs.1500 to Rs.1750 for each section is being made every year for the purpose which is proposed to be raised to Rs.2000 from the current year. The Committee are of opinion that for this proposed hospital at Bangalore

City, a provision of Rs.2000/- to each section is necessary.

(c) LINEN CHARGES:- A provision of Rs.200/- to each of the two sections which is the amount that is being spent in Mysore Hospital has been proposed for purchase of linen and other articles.

(d) CONTINGENCIES:- A lumpsum provision of Rs.500 for purchase of other requirements and contingencies of the hospital and office etc. is necessary and has been proposed.

The total expenditure under this head comes to Rs.8,900/- .

The total recurring expenditure as per the above proposals of the Committee comes up to Rs.30,318 as detailed below.

1. ESTABLISHMENT

(a) Common	....	Rs.3,374
(b) Ayurvedic hospital.		" 7,822
(c) Unani	"	" 7,822
	Total	Rs.19,018

2. MEDICINAL CHARGES

Rs.2,000 each Rs.4,000

3. DIET CHARGES

Rs.2,000 each .. Rs.4,000

4. LINEN CHARGES

Rs.200 each .. Rs.400

5. CONTINGENCIES AND OTHER REQUIREMENTS. .. Rs.500

6. R E N T Rs.2,400

Total Rs.30,318

As regards the source mior meeting the above recurring expenditure the Municipal Commissioner states that the Bangalore City Municipality Council is being consulted as to whether the amount that they are now spending may be placed at the disposal of the Combined hospital. The

Committee recommend that the Municipality may be requested to place at the disposal of the Combined Hospital the amount they are now spending, viz., Rs.4512/- . A contribution of Rs.4000 has also been agreed to from the Chattram Savings Fund. The Committee are of opinion that a larger contribution may not be available from either of the Municipality or Muzrai Department and accordingly recommend that the entire balance of the recurring expenditure viz. Rs.21,806 (Rs.30,318 minus Rs.8,512) may be met from a special grant to be made by Government from year to year for the encouragement of indigenous Medical Institutions.

In this connection, the Committee wish to recommend that the benefit of Dearness allowance granted to the employees of other Government institutions may be extended to the employees of the proposed combined hospital. The extra cost involved in this behalf will be Rs.195/- p.m and this may also be met from State Funds.

NON-RECURRING EXPENDITURE:- A list of furniture, utensils, appliances, instruments and other equipment required for the office, in and out-patient wards, pharmacy, kitchen etc., with reference to the articles in use in the hospitals at Mysore was obtained from the Principal and the same was got scrutinised by the Senior Surgeon. A list of furniture etc. available in the existing dispensaries at Bangalore was obtained from the Municipal Commissioner. A consolidated list of the furniture etc. required, those that are now available and those which require to be purchased etc., prepared on the basis of the list scrutinised by the Senior Surgeon is enclosed as Annexure IV. The Committee are of opinion that the furniture etc. as proposed therein are essential for a hospital of the kind proposed to be started. In view of the existing conditions it was not possible for the Committee to obtain the exact cost of all the proposed articles and only the approximate cost of such of the articles as could be obtained readily is

noted. The probable cost as per calculations as above will be Rs.12,000/- in round figures as follows:-

(a). Office and Hospitals:-

1. Furniture	Rs.5989-8-0	
2. Linen	1285-15-0	
3. Surgical instruments and appliances	788-10-1	
4. Laboratory	687-8-3	
(b). Wards:-		
5. Brass utensils	288-9-0	
6. Copper	355-0-0	
7. Bell metal	104-4-0	
8. Alluminum "	13-0-0	
9. Porcelain "	56-0-0	(not complete)
10. Glass	187-11-6	(cost of bottles available to be deducted)
11, Enamel	122-0-0	
12. Scales	95-0-0	
13. Locks,	50-0-0	
14. Iron articles	29-0-0	
15. Leather articles.	23-10-0	
Total	10,019-10-10	

or in round figures Rs.10,500

(c) PHARMACY:- The cost of articles in respect of which estimates are available comes to Rs.658/-. As some of the important items such as pill making and other machines are not included a lumpsum provision of Rs.1,000/- is necessary.

(d). KITCHEN:- The cost of articles in respect of which estimate is available comes to Rs.361/- and a sum of Rs.500/- will at least be required for this section.

T O T A L RS. 12,000/-

The Committee recommend that the entire cost of the non-recurring expenditure may be met from the State funds and in view however of the heavy cost involved, they are of opinion that Rs.10,000/- may be immediately spent during the current

the current year for the essential items and the balance made available out of next years grant.

G E N E R A L :- The Committee wish to make the following further suggestions for consideration.

To obtain a satisfactory proof of the efficiency of the medicines used and the treatment given by the Ayurvedic Pandits and Unani Hakims the Western method of recording the nature of disease the treatment given and the results obtained in each case may be adopted in the proposed combined hospital.

As regards the registers and accounts, etc. to be maintained in the proposed hospital, the Medical and Financial forms and registers that are maintained in the Mysore Hospital may with advantage be adopted .

Diet articles and pharmacy drugs, etc. required for the hospital may be arranged to be purchased on contract system by calling for tenders and the monthly bills in this behalf arranged to be paid in the State Huzur Treasury, on preaudited bills.

The Committee have resolved that respectful submission may be made to Government that the gracious permission of His Highness the Maharaja may be kindly obtained for naming the Combined Hospital as

" SRI JAYACHAMARAJENDRA AYURVEDIC AND UNANI HOSPITAL" and that necessary arrangements be made to open the hospital from 1st January 1943 or as soon thereafter as convenient.

PROCEEDINGS OF THE PRELIMINARY MEETING OF THE COMMITTEE CONSTITUTED TO GO INTO THE QUESTION OF STARTING A COMBINED AYURVEDIC AND UNANI HOSPITAL AT BANGALORE

HELD ON

TUESDAY, THE 22ND SEPTEMBER 1942

- -

All the members of the Committee were present.

The Muzrai Commissioner and Chairman of the Committee read the G.O.No.L.2880-8/Ml.173-41-8 dated 9th September 1942, constituting the committee; and explained its scope and work, etc. The Senior Surgeon, said that a scheme of this sort was welcome. The written opinions sent by Messrs.Shafiq-ul-mulk Khan Bahadur Mahomed Abbas Khan, C.Machiah, and M.A.Salam, were also placed before the Committee. The Muzrai Commissioner and Chairman read a note prepared on the various matters, relating to the subject, and invited discussion on the following points.

1. Location of the Hospital - either combined or separately.

2.

(a) Strength of establishment for each of them.

(b) The Scales of pay to be allowed to each of them.

(c)Other items of expenditure.

3. Department, under whose control the Hospital should work

4. Other allied matters that may be useful in this behalf.

The following resolutions were adopted.

(1) The existing Ayurvedic and Unani Dispensaries maintained by the Bangalore City Municipality may be recommended to be converted into a combined Ayurvedic and Unani Hospital, under one management as separate units.

(2) LOCATION:- The combined hospital may be recommended to be located in one and the same building, in two different wings, in a central locality.

As the present buildings occupied by the present dispensaries are not suitable for this purpose, it is necessary, pending construction of a separate hospital building, to rent a suitable building in a central locality, which will serve the purpose. If it is not

possible to secure one such building, wherein both the Ayurvedic and Unani Hospitals could be housed together, two separate buildings, in close vicinity to each other may be taken on rent and the two hospitals located therein, temporarily. The Municipal Commissioner may be requested to select a few likely buildings which could be utilised for the purpose.

(It was unanimously agreed that, either Sri Narasimharaja Road or Chamarajpet I Road, will be the best localities wherein such a hospital could be located.)

With a view to enable the housing of the hospital, permanently a building of its own may be recommended to be erected on the maiden behind the Old Metal and White-lead Factory, if it can be secured; or, on any other suitable site in a central area to be selected. The Assistant Engineer, Bangalore Division, may be requested to sugges a plan, in consultation with the Senior Surgeon to house the two hospitals, in two wings of a building, with provision for office etc.

3. CONTROL:- Pending consideration of the recommendation of the special indigenous committee for the constitution of a separate Department of Indigenous Medicines, this Committee is of opinion that as in the case of the Mysore Ayurvedic and Unani College and Hospitals, the proposed combined hospital, in Bangalore City also be placed under the administrative control of the Muzrai Commissioner as President, the Municipal Commissioner Bangalore City as Vice President assisted by an Advisory committee, as suggested by the Secretary of the Mysore State Unani Tibbi Conference.

4. BEDS. The Committee are of opinion that, to begin with, provision be made for 12 beds in the in-patient ward of each of the two sections.

5. ESTABLISHMENT:- It is unanimously resolved that a Medical officer, in the grade of Rs.150-10-250, may be recommended to be appointed to be in charge of the combined hospital. He may be selected from among the physicians holding degree in the indigenous systems of medicines with suitable qualification in Allopathy, the appointment being made by the Muzrai Commissioner, in consultation with the Senior Surgeon. It is also resolved that the following establishment and other charges may be recommended.

PROCEEDINGS OF THE SECOND MEETING OF THE COMMITTEE CONSTITUTED TO GO INTO THE QUESTION OF STARTING A COMBINED AYURVEDIC AND UNANI HOSPITAL AT BANGALORE.

H E L D O N

Wednesday, the 30th September 1942.

R e s o l u t i o n s.

7. Resolved that, for the post of Senior Pandit and Senior Hakim, suitable qualification may be prescribed.

8. FINANCE:- The total average cost of the schme works up to Rs.30,318 P.A. The Bangalore City Municipality may be requested to place the amount it is now spending, viz., Rs.4,512 (Rupees Four thousand five hundred and twelve) at the disposal of the combined hospital; and a contribution of Rs.4,000 from the Chattram Savings Fund has also been agreed to. The Commitee are of opinion that, a heavier contribution may not be available from them. The entire balance of the recurring expenditure may, therefore, be recommended to be met from a special grant to be made, from year to year, for the encouragement of Indigenous Medical Institutions.

Resolved that, the entire non-recurring expenditure be recommended to me met from State Funds.

9. Resolved that, Dearness Allowance be recommended to be paid to the employees of the proposed hospitals also, as in the case of other Government Institutions.

10. Resolved that, the combined hospital be recommended to be opened from the 1st ~~December~~ January 1943 ar as soon thereafter as convenient.

11. The Committee desire that, gracious permission of H.H. the Maharaja be recommended to be obtained for naming the combined hospital as

"SRI JAYACHAMARAJENDRA AYURVEDIC AND UNANI HOSPITAL"

PROCEEDINGS OF THE THIRD MEETING OF THE COMMITTEE CONSTITUTED TO GO INTO THE QUESTION OF STARTING A COMBINED AYURVEDIC AND UNANI HOSPITAL AT BANGALORE HELD ON SATURDAY THE 10th OCTOBER 1942

All the Members of the Committee were present

RESOLUTIONS

1. It was unanimously resolved that the Ground floor of the Sugar company building in Sri Jayachamaraja Road ill be most suitable if it can be had for a reasonable rent and in case the rent is prohibitive, the Chairman and the Municipal Commissioner may fix up other suitable building or buildings

2. Non-Recurring Expenditure:- The total cost of the furniture, utensils, appliances, instruments and other equipment required for the combined hospital comes to Rs.12,000/- in round figures, excluding those which are now available in the two existing dispensaries. The Committee recommend that the entire non-recurring expenditure be met from the State funds - Rs.10,000/- for the present during the current year and the balance during next year.

3 Resolved that a recommendation be made to Government that the question of developing the cultivation of suitable and rare herbs by the Horticultural department may be investigated

4. Resolved that the Draft report be circulated among the members.

A Short Note

On reference No.C.1036/41-42 dated 16-3-42 from the Puzrai Commissioner.

Location and Control of Hospitals -

1. The Control may be under the Puzrai Commissioner

2. As regards location both the hospitals may be built in the vacant space opposite to Sir Puttanna Chetty's Town Hall or, preferably in the vacant space next to the out-patients dispensaryin Victoria Hospital.

3. Both the Ayurvedic and Unani Institutions may be combined that is to say located in the same building to ensure efficient supervision and less cost in putting up two separate buildings.

4. Until a separate building is constructed, both the institutions may be located in a building on a monthly rent of about Rs.100/- per mensem or Rs.1200/- per year.

Each Institution may have accommodation for 20 beds with provision for out patients.

4.(b). ESTABLISHMENT.

Both the institutions may be under the direct supervision of a Medical officer qualified in both Unani and Ayurvedic medicines on salaray of Rs.200/- in grade Rs,200-10-300 . . Rs.200

2. A Senior Hakim known as Superintendent on a salary of Rs.100/- in grade 100-15-150	100-0-0
3. A Junior Hakeem ~~(preferably a woman)~~ on a salary of Rs.60/- in grade 60-5-100	60-0
4. Another Junior Hakeem (preferably a woman) on a salary of Rs.60/- in grade 60-5-100	60-0
5. Two compounders on a salary of Rs.25/-each	25-0
6. Three attenders on a salary of Rs.15/- each	45-0
7 Three ward boys on a salary of Rs.12/- each	36-0
8. Two women Nurses on Rs.15/- each	30-0
9. One clerk on Rs.20/- in grade Rs.20-2-30	20-0
10. One peon (preferably a retired seapoy) on salary of Rs 12/-	12-0
11. Two men for grinding medicines on Rs.12/- each	24-0
12. One scavengar on Rs.9/-	
13. One Cook on Rs.12/-	

Total Rs

?-per mensem or Rs.7800/-per year or in round sum Rs.8000-0-0

The following furniture may cost about Rs. 1500-0-0

(3 tables, 6 chairs, 2 examining tables, 3 towel stands, 6 benches, 4 almirahs, 2 book-shelves, 1 screen, 3 basin stands, 20 costs and 20 side boards)

b). The following tools and Plants may cost about Rs, 1500-0-0

(3 buckets, 3 oil cloths, 2 pen-knives, 3 ink-stands, 2 funnel glass, 200 bottles, 2 stone grinders, 2 ounce glasses, 2 scales, 3 scissors, 2 forceps, 2 probes, 2 universal tooth forceps, 1 stethoscope, 2 stoves, 2 urinal meteres, 20 spittons, 2 thermometers 2 spirit lamps, 3 call bells, 1 rubber stamp, 3 locks, 20 beds, 6 glass Jars,etc)

6).a). Roughly speaking the non-recurring expenses as shown in 5 a and 5 b supra may cost about Rs.3000/- for each institution

b). Recurring expenses as shown in 1a and 4b supra may cost about Rs.9200/- (Rs.1200 + 8000/-)

7.	Cost of medicines per year per institution	1500-0-0
8.	Other miscellaneous expenses per year per institution etc. ..	300-0-0
	Total Rs,	14,000-0-0

According to the above calculations, each institution will cost per year about Rs.14,000/-

21-9-1912 Sd/-C.Machiah,

M N Ananthan
Secretary

Subjects proposed by Hakim Md.Abdul Salam Aslam for discussion at the meeting of the committee on 22-9-1942

1. Name of Institution:- The Hospitals shall be called "Sri Jayachamarajendra Ayurvedic and Unani Hospitals, Bangalore" in the name of our beloved Highness who has been evincing special and keen interest in the improvement of the indigenious systems of medicines. The combined hospitals shall be located near Sir Puttanna Chetty's Town Hall.

II. Location:- A decent building at a cost of about a lakh of rupees may be constructed for the purpose and the two Hospitals housed therein. One in each of the two wings with necessary accommodation for in and out patient wards, pharmacy, dissection, consultation and examining rooms, kitchen etc.,

Until such a building is constructed, two rented buildings with necessary accommodation - one in Kalaipalyam, which is the central locality for Muhammadan population for the Unani Hospital, and the other either in Nagarthpet or Fulapet for the Ayurvedic hospital may be rented on a monthly rental of Rs.75/- to Rs.100/- each.

III Control and Management:- The control of the combined hospitals shall vest in the Department of Indigenous systems of medicine which has been proposed by the special committee and until the formation of such a department, it shall vest in Nazrai Commissioner with a technical Assistant who will also be the medical officer of Hospitals. The present committee may be continued as managing committee.

IV. Expenditure:-

Non-recurring:- A lumpsum of Rs.5000/- to each of the two hospitals for initial expenses towards instruments, appliances, furniture, linen articles and other equipments is the least amount that may be required and this will have to be required and this will have to be provided for.

Recurring:-

(a). Establishment:- The establishment of the two hospitals may be kept on equal footing and general establishment serving as underlying control may be entertained as detailed below:-

Common Establishment:-

1). Medical Officer (Indigenous Meddcine)	Rs.150-10-250
2). Clerk ..	Rs.25- 1- 40
3). Peon	Rs.12/-

Ayurvedic Hospital

1).Superintendent & Senior Pandit R.M.O.Rs.25/-	100-5-150
2).Junior Pandits.(3)	60-5-100
3).Compounders (2)	20-1-25
4).Pharmacist (1)	20-1-25
5). Ward Assts. (1 Male & 1 Female).	Rs.30/- each
6).Nurses (2)	Rs.15/- each
7).Surgical Attendant (1)	Rs.15/-
8).Clerk (1)	25-1-30
9) Ward Boys (2)	Rs.12/- each
10).Cooks (2)	Rs.12/- each
11).Pharmacy Attenders (2)	Rs.12/-each
12).Hospital Attenders (2)	Rs.12/-each
13).Peon	(1) 12-0-0
14).Scavenger. (1)	10-0-0

Sir,

Re -Starting of a Combined Ayurvedic and Unani Hospital in Bangalore City

*****

In continuation of this office letter of even no dated 16-12-1942 regarding the above, I have the honour to forward herewith the original report duly signed by all the members of the Committee constituted to go into the above question and submit definite proposals in the matter

The question of selection of the buildings for locating the hospitals is still engaging my attention I shall send it a further report in this behalf separately

I have the honour to be,

Sir,

Your most obedient servant,

Muzrai Commissioner

Contn. G.W. 6381

R E P O R T

We, the members of the Committee constituted to go into the question of starting a combined Ayurvedic and Unani Hospital at Bangalore City beg to submit the following Report

Under the terms of reference of G.O No.L.2880-87 Ml 173-41-8 dated 9th September 1942 constituting this Committee, we have been asked to go into the question of starting a combined Ayurvedic and Unani Hospital at Bangalore City and submit definite proposals in regard to the following points —

1) Location of the Hospital - either combined or separately

2)
(a) Strength of establishment for each of them

(b) Scale of pay to be allowed to each of them

(c) Other items of expenditure

3). Department under whose control the Hospital should work

4) Other allied matters that may be useful in this behalf

The Committee met 3 times - on the 22nd and 30th September and 10th October 1942, and all the members were present during all the meetings The resolutions adopted at these meetings are contained in Annexure I Messrs Shafiq-ul-mulk Khan Bahadur Mahomed Abbas Khan, C Machiah and Hakim M A Salam had sent written opinions and copies of the same are enclosed as Annexure II

The Committee realise that the present time is most opportune for giving an impetus to the scientific development of the indigenous systems of medicine, In view of the fact that the bulk of the people in rural areas have considerable faith in these systems of medicine and as the drugs used are cheap and also because great difficulty is experienced in obtaining medicines from

foreign countries at the present time, the Committee that the scheme referred to them for detailed examination starts under very favourable conditions and envisages a great and useful future

At present, one Ayurvedic and one Unani Dispensary are maintained by the Bangalore City Municipality, wherein provision exists for the treatment of Out-patients only The Committee recommend that the existing dispensaries may be converted into a single hospital with provision for 'In and Out' patient departments with a pharmacy attached to each section To begin with, provision is proposed for 12 beds in each of the In-patient wards of the two sections The Committee are further of opinion that the two hospitals, Ayurvedic and Unani, may be treated as one Combined institution under one management as separate unit.

C O N T R O L . - - The Committee are given to understand that the Special Committee constituted in G.O. No L 1786-1821/L.B 59-42-2 dated 10th August 1942 to examine the question of encouraging the indigenous systems of medicine have recommended the formation of a separate department to control the Indigenous Medical Institutions in the State Pending consideration of the recommendation of the above committee we are of opinion that, as in the case of the Mysore Ayurvedic and Unani College and Hospitals, the proposed combined hospital in Bangalore City should also be under the Administrative control of the Muzrai Commissioner, as President, the Municipal Commissioner, Bangalore City, as Vice-President, assisted by an Advisory Committee

L O C A T I O N - - The present Ayurvedic Dispensary is located in Purniah's Choultry building, Balepet, Bangalore City, and the Unani Dispensary in one of the shops attached to the New Market, Bangalore City For housing the hospital sufficient room for the accommodation of In-patient beds, Out-patient dispensing sections for men and women, examining and consulting rooms, pharmacy section with kitchen, besides

besides a mortuary etc is necessary considered from this point of view, the existing buildings will not be useful for the location of the proposed hospital We have also considered the question as to whether the two hospitals should be housed in one and the same building or in different buildings in the same locality or in different localities, etc and we have come to the conclusion that the proposed hospital should be located in one and the same building in two different wings in a central area as it would not only facilitate supervision and control but would also enable co-ordination of work between the two systems of medicine Either Sri Narasimharaja Road or Chamarajapet I Road, Bangalore City would be the most suitable localities wherein such a hospital could be located

The Committee are of unanimous opinion that the Combined Hospital should have a building of its own and as such recommend that a suitable building with provision for future additions may be constructed preferably on the southern end of the maidan behind the Old Metal and White-lead Factory if it can be made available or on any other suitable site in a central area to be selected for the purpose The Senior Surgeon who was requested to furnish the committee with a few designs of the building for the location of the hospital has kindly sent one design which the committee consider as suitable

Pending construction of such a building and in view of the fact that the existing Municipal Dispensary buildings will not answer the needs of a combined hospital it is necessary for the present to rent out a building or buildings for the purpose The Municipal Commissioner was requested to suggest a few likely buildings wherein both the hospitals could be located together and if this was not available to suggest two separate buildings in close proximity to each other A few of the buildings

suggested by him as also by Shafiq-ul-mulk Khan Ba Mahomed Abbas Khan were jointly inspected by the members on 7th October 1942, among which was the new building constructed by the Mysore Sugar Company in Sri Jayachamarajendra Road

The Committee are unanimously of opinion that the ground floor of the Sugar Company building would be most suitable for locating the combined hospitals till a separate building is provided for the institution This building is now rented out to the Bangalore City Post Office on a monthly rental of Rs.200/- and it is ascertained that the postal authorities are contemplating to shift the office to the old building which is stated to be under repairs and that the building would be available before January 1943 Negotiations will be carried on with the Sugar Company for the lease of this building at a reasonable rent If this building cannot be secured for such rent as the scheme can afford to allot, the Committee have authorised the Chairman and the Municipal Commissioner to fix up another suitable building or buildings A provision of Rs 2400/- at Rs 200/- per month has however been included in the estimated recurring expenditure

ESTABLISHMENT - The Committee had before them the statement of establishment now working in the Ayurvedic and Unani Hospital at Mysore For a Combined In-patient ward and out-patient dispensary with a pharmacy for the preparation of medicines attached to it, the Committee are of opinion that the establishment proposed in Annexure No III is very necessary Provision has been made therein for a Senior Physician for each of the two sections on a pay of Rs 100-5-150 and he will be in direct charge of the hospital and exercise supervision and control over preparation of medicines, the 'In' and 'Out' patient wards and the establishment He will also be Resident Medical Officer and a monthly allowance of Rs 25/- has been proposed for the purpose This is an important post and his ability,

ability, qualification and experience will create trust and confidence in the public and contribute to the wide popularity of the Hospital A practitioner of eminence in the profession will have to be selected for the post and for this purpose the Committee recommend that a degree or diploma from a recognised Ayurvedic or Unani College may be fixed as a suitable qualification for the two posts respectively and that preference may be given to men with experience

Two Junior and one lady physician for each section on a pay of Rs 50-5/2-75 have also been proposed One of the Junior physicians will be in charge of the out-patient section and the other of the pharmacy for preparation of medicines, while the lady physician will attend to women patients and also assist in the In-patient ward when necessary The other establishment consists of two ward assistants on Rs.30-1-40 each to do duty in the In-patient ward by turns, two compounders on Rs 20-2-30 each one for the out-patient dispensary and the other for the pharmacy, three pharmacy attendants to attend to manufacture of medicines and pills, etc and two cooks, one senior cook on Rs 20/- per month and an assistant on Rs 12/- per month The services of a clerk who has passed in Accounts with a fair knowledge of typing for maintaining accounts and attend to correspondence are also necessary The other items of the proposed establishment do not call for any remarks The average cost of establishment of each of the two sections comes to Rs 651 5/6 P M or Rs 7,822 P A

In addition to the above, the Committee think that it is necessary to appoint a Medical officer with necessary staff to co-ordinate and control the working of the two sections of the hospital and to secure an efficient administration of the institution The appointment of a Medical officer in grade Rs 150-10-250 to be in charge of the Combined Hospital has therefore been proposed He will be the drawing officer and cause the maintenance of

the necessary registers, accounts, etc., that may be prescribed from time to time; and be responsible for office work and the general management of the Combined Hospital. He will also attend to professional work He may be selected from among the physicians holding a degree in the indigenous systems of medicine with a qualification in Allopathy The Committee are further of opinion that the appointment may be made by the Muzrai Commissioner in consultation with the Municipal Commissioner and the Senior Surgeon The posts of a clerk, a peon and an attender are also proposed to assist him The total average cost of the common establishment comes up to Rs 281 1/6 P M or Rs 3,374 P A

The grade and pay of each appointment proposed by the Committee have been fixed in consideration of the costliness of life in a place like Bangalore and also to secure the services of the most suitable men

In this connection, it may be stated that both the Ayurvedic Pandit and Unani Hakim now working in the Municipal dispensaries, have been drawing a pay of Rs.100/- in grade Rs.60-5-100 and have put in a service of 23 and 17 years respectively and that the former is stated to be a graduate of the Mysore College (1916 batch) and the latter to have passed from the Punjab Homeopathic Medical College, Lahore (1928) in Ayurveda and from the Hydropathic institute, Merut,U.P (1928) in Unani He also holds a diploma of the Tibbi College, Delhi The Ayurvedic compounder is stated to have passed the Ayurvedic compounding training drawing a pay of Rs 25/- P.M in grade of Rs.15-1-25, while the Unani compounder has passed the L.U.M S.Examination of the Mysore Ayurvedic and Unani College and is drawing Rs.24/- per month in grade of Rs.15-1-25 The Committee recommend that the above establishment as also the menials now working in the Municipal dispensaries may be absorbed - -

absorbed in suitable posts in the combined section of the hospital

OTHER ITEMS OF EXPENDITURE:-

(a) MEDICINES - In the Hospital at Mysore, the average daily attendance is 450 to 500 in the Ayurvedic Section and 600 to 650 in the Unani section of the Out-patient dispensary The average cost of medicine per patient per diem is 3 to 4 pies in the former and 4 to 5 pies in the latter The accommodation in the In-patient wards is for 12 beds in each section The average expenditure under medicines in the Mysore hospital comes to Rs 2,000 P A as supplied from the pharmacy at cost price In the proposed combined hospital at Bangalore, it is expected that the average daily attendance would be not less than 300 in each section to begin with Moreover the free supply of the herbs and drugs from the herbarium attached to the College at Mysore is not available here and the cost of medicine is therefore likely to be slightly higher In view of all these considerations, the Committee are of opinion that at least, Rs.2,000 P A will be the amount that may be required for each of the two sections of the hospital towards medicines In this connection the Committee wish to recommend that the question of developing the cultivation of medicinal herbs by the Horticultural Department may be investigated

(b) DIET CHARGES - In the Mysore Hospital where also accommodation for 12 beds exists in each section the average cost of diet and other necessaries works up from Rs 4-8-0 to Rs 5/- per patient per mensem in the Ayurvedic Section and from Rs 4/- to Rs 5/- in the Unani Section A provision of Rs.1500 to Rs 1750 for each section is being made every year for the purpose which is proposed to be raised to Rs 2000 from the current year The Committee are of opinion that for this proposed hospital at Bangalore

City, a provision of Rs.2000/- to each section is necessary

(c) LINEN CHARGES - A provision of Rs.200/- to each of the two sections which is the amount that is being spent in Mysore Hospital has been proposed for purchase of linen and other articles

(d) CONTINGENCIES - A lumpsum provision of Rs.500 for purchase of other requirements and contingencies of the hospital and office etc is necessary and has been proposed

The total expenditure under this head comes to Rs 8,900/-

The total recurring expenditure as per the above proposals of the Committee comes up to Rs 30,318 as detailed below

1.	ESTABLISHMENT	
	(a) Common	Rs 3,374
	(b) Ayurvedic hospital "	" 7,822
	(c) Unani "	" 7,822
	Total	Rs 19 018
2	MEDICINAL CHARGES	
	Rs.2,000 each	Rs 4,000
3	DIET CHARGES	
	Rs 2,000 each	Rs 4,000
4.	LINEN CHARGES	
	Rs.200 each	Rs.400
5	CONTINGENCIES AND OTHER REQUIREMENTS	Rs 500
6	RENT	Rs 2,400
	Total	Rs 30,318

As regards the source for meeting the above recurring expenditure the Municipal Commissioner states that the Bangalore City Municipal Council is being consulted as to whether the amount that they are now spending may be placed at the disposal of the Combined hospital The

Committee recommend that the Municipality may be requested to place at the disposal of the Combined Hospital the amount they are now spending, viz , Rs 4512/- A contribution of Rs.4000 has also been agreed to from the Chattram Savings Fund The Committee are of opinion that a larger contribution may not be available from either of the Municipality or Muzrai Department and accordingly recommend that the entire balance of the recurring expenditure viz Rs 21,806 (Rs 30,318 minus Rs 8,512) may be met from a special grant to be made by Government from year to year for the encouragement of Indigenous Medical Institutions

In this connection, the Committee wish to recommend that the benefit of Dearness allowance granted to the employees of other Government institutions may be extended to the employees of the proposed combined hospital The extra cost involved in this behalf will be Rs 195/- P M and this may also be met from State Funds

NON-RECURRING EXPENDITURE - A list of furniture utensils, appliances, instruments and other equipment required for the office, in and out-patient wards, pharmacy, kitchen etc , with reference to the articles in use in the hospitals at Mysore was obtained from the Principal and the same was got scrutinised by the Senior Surgeon A list of furniture etc available in the existing dispensaries at Bangalore was obtained from the Municipal Commissioner A consolidated list of the furniture etc required, those that are now available and those which require to be purchased etc , prepared on the basis of the list scrutinised by the Senior Surgeon is enclosed as Annexure IV The Committee are of opinion that the furniture etc as proposed therein are essential for a hospital of the kind proposed to be started In view of the existing conditions it was not possible for the Committee to obtain the exact cost of all the proposed articles and only the approximate cost of such of the articles as could be obtained readily is

note. The probable cost as per calculations as above [redacted] be Rs.12,000/- in round figures as follows:-

(a). Office and Hospitals -

1	Furniture	Rs 5929-8-0
2.	Linen	1285-15-0
3.	Surgical instruments and appliances	792-10-1
4	Laboratory	687-8-3

(b) Wards.-

5	Brass utensils	288-8-0	
6	Copper "	356-0-0	
7	Bell metal	104-4-0	
8.	Alluminum "	13-0-0	
9	Porcelain "	56-0-0	(not complete
10	Glass "	187-11-6	(cost of bott available to l deducted
11,	Enamel "	122-0-0	
12	Scales	95-0-0	
13	Locks	50-0-0	
14	Iron articles	29-0-0	
15	Leather articles	23-10-0	
	Total	10,019-10-10	

or in round figures Rs.10,500

(c) PHARMACY.- The cost of articles in respect of which estimates are available comes to Rs.668/- As some of the important items such as pill making and other machines are not included a lumpsum provision of Rs.1,000/- is necessary.

(d) KITCHEN:- The cost of articles in respect of which estimate is available comes to Rs.361/- and a sum of Rs.500/- will at least be required for this section

TOTAL RS 12,000/-

The Committee recommend that the entire cost of the non-recurring expenditure may be met from the State Funds and in view however of the heavy cost involved, they are of opinion that Rs.10,000/- may be immediately spent during the current

the current year for the essential items and the balance made available out of next years grant

G E N E R A L - The Committee wish to make the following further suggestions for consideration

To obtain a satisfactory proof of the efficiency of the medicines used and the treatment given by the Ayurvedic Pandits and Unani Hakims the Western method of recording the nature of disease, the treatment given and the results obtained in each case may be adopted in the proposed combined hospital

As regards the registers and accounts, etc to be maintained in the proposed hospital, the Medical and Financial forms and registers that are maintained in the Mysore Hospital may with advantage be adopted

Diet articles and pharmacy drugs, etc required for the hospital may be arranged to be purchased on contract system by calling for tenders and the monthly bills in this behalf arranged to be paid in the State Huzur Treasury, on preaudited bills

The Committee have resolved that respectful submission may be made to Government that the gracious permission of His Highness the Maharaja may be kindly obtained for naming the Combined Hospital as

" SRI JAYACHAMARAJENDRA AYURVEDIC AND UNANI HOSPITAL"

and that necessary arrangements be made to open the hospital from 1st January 1943 or as soon thereafter as convenient

Chairman

ANNEXURE-III.

Statement showing the Establishment recommended for the Combined Ayurvedic and Unani Hospital at Bangalore.

PROCEEDINGS OF THE PRELIMINARY MEETING OF THE COMMITTEE CONSTITUTED TO GO INTO THE QUESTION OF STARTING A COMBINED AYURVEDIC AND UNANI HOSPITAL AT BANGALORE

HELD ON

TUESDAY, THE 22ND SEPTEMBER 1942

All the Members of the Committee were present.

The Muzrai Commissioner and Chairman of the Committee read the G.O.No L.2880-8/M1 173-41-8 dated 9th September 1942, constituting the committee, and explained its scope and work, etc The Senior Surgeon, said that a scheme of this sort was welcome The written opinions sent by Messrs Shafiq-ul-mulk Khan Bahadur Mahomed Abbas Khan, C Machiah, and M.A.Salam, were also placed before the Committee The Muzrai Commissioner and Chairman read a note prepared on the various matters, relating to the subject, and invited discussion on the following points.

1. Location of the Hospital - either combined or separately.

2.

(a) Strength of establishment for each of them

(b) The Scales of pay to be allowed to each of them

(c) Other items of expenditure

3. Department, under whose control the Hospital should work

4. Other allied matters that may be useful in this behalf

The following resolutions were adopted

(1) The existing Ayurvedic and Unani Dispensaries maintained by the Bangalore City Municipality may be recommended to be converted into a combined Ayurvedic and Unani Hospital, under one management as separate units.

(2) LOCATION :- The combined hospital may be recommended to be located in one and the same building, in two different wings, in a central locality.

As the present buildings occupied by the present dispensaries are not suitable for this purpose, it is necessary, pending construction of a separate hospital building, to rent a suitable building in a central locality, which will serve the purpose If it is not

Annexure IV

possible to secure one such building, wherein both the Ayurvedic and Unani Hospitals could be housed together, two separate buildings, in close vicinity to each other may be taken on rent and the two hospital located therein, temporarily The Municipal Commissioner may be requested to select a few likely buildings which could be utilised for the purpose

(It was unanimously agreed that, either Sri Narasimharaja Road or Chamarajpet I Road, will be the best localities wherein such a hospital could be located)

With a view to enable the housing of the hospital, permanently a building of its own may be recommended to be erected on the maiden behind the Old Metal and White-lead Factory, if it can be secured; or, on any other suitable site in a central area to be selected The Assistant Engineer, Bangalore Division, may be requested to suggest a plan, in consultation with the Senior Surgeon to house the two hospitals, in two wings of a building, with provision for office etc

3. CONTROL - Pending consideration of the recommendation of the special indigenous committee for the constitution of a separate Department of Indigenous Medicines, this Committee is of opinion that as in the case of the Mysore Ayurvedic and Unani College and Hospitals, the proposed combined hospital, in Bangalore City also be placed under the administrative control of the Muzrai Commissioner as President, the Municipal Commissioner Bangalore City, as Vice President assisted by an Advisory committee, as suggested by the Secretary of the Mysore State Unani Tibbi Conference

4 BEDS. The Committee are of opinion that, to begin with, provision be made for 12 beds in the in-patient ward of each of the two sections

5. ESTABLISHMENT - It is unanimously resolved that a Medical Officer, in the grade of Rs.150-10-250, may be recommended to be appointed to be in charge of the combined hospital He may be selected from among the physicians holding degree in the indigenous systems of Medicines with suitable qualification in Allopathy, the appointment being made by the Muzrai Commissioner, in consultation with the Senior Surgeon It is also resolved that the following establishment and other charges may be recommended

PROCEEDINGS OF THE SECOND MEETING OF THE COMMITTEE CONSTITUTED TO GO INTO THE QUESTION OF STARTING A COMBINED AYURVEDIC AND UNANI HOSPITAL AT BANGALORE.

H E L D O N

Wednesday, the 30th September 1942

R e s o l u t i o n s

7. Resolved that, for the post of Senior Pandit and Senior Hakim, suitable qualification may be prescribed

8 FINANCE - The total average cost of the scheme works up to Rs.30,818 P.A. The Bangalore City Municipality may be requested to place the amount it is now spending, viz , Rs 4,512 (Rupees Four thousand five hundred and twelve) at the disposal of the combined hospital, and a contribution of Rs 4,000 from the Chattram Savings Fund has also been agreed to The Committee are of opinion that, a heavier contribution may not be available from them The entire balance of the recurring expenditure may, therefore, be recommended to be met from a special grant to be made, from year to year, for the encouragement of Indigenous Medical Institutions

Resolved that, the entire non-recurring expenditure be recommended to be met from State Funds

9 Resolved that, Dearness Allowance be recommended to be paid to the employees of the proposed hospitals also, as in the case of other Government Institutions.

10 Resolved that, the combined hospital be recommended to be opened from the 1st ~~December~~ January 1943 or as soon thereafter as convenient

11 The Committee desire that, gracious permission of H.H the Maharaja be recommended to be obtained for naming the combined hospital as

"SRI JAYACHAMARAJENDRA AYURVEDIC AND UNANI HOSPITAL"

PROCEEDINGS OF THE THIRD MEETING OF THE COMMITTEE CONSTITUTED TO GO INTO THE QUESTION OF STARTING A COMBINED AYURVEDIC AND UNANI HOSPITAL AT BANGALORE HELD ON SATURDAY THE 10th OCTOBER 1942

All the Members of the Committee were present

R E S O L U T I O N S

1 It was unanimously resolved that the Ground floor of the Sugar company building in Sri Jayachamaraja Road will be most suitable if it can be had for a reasonable rent and in case the rent is prohibitive, the Chairman and the Municipal Commissioner may fix up other suitable building or buildings

2 Non-Recurring Expenditure.- The total cost of the furniture utensils, appliances, instruments and other equipment required for the combined hospital comes to Rs 12,000/- in round figures, excluding those which are now available in the two existing dispensaries The Committee recommend that the entire non-recurring expenditure be met from the State Funds - Rs 10,000/- for the present during the current year and the balance during next year

3. Resolved that a recommendation be made to Government that the question of developing the cultivation of suitable and rare herbs by the Horticultural department may be investigated

4 Resolved that the Draft report be circulated among the members

Sd/-B P Kesavaiengar,
Chairman

Annexure IV

Annexure.II.

Subjects proposed by Shafiz-ul-mulk Khan Bahadur Mohamad Abbas Khan, Bangalore City, to be placed before the committee in connection with the starting of a combined Ayurvedic and Unani Hospital in Bangalore City for its consideration at its meeting to be held on 22nd September 1942

1 "That the control and administration of the proposed Ayurvedic and Unani Hospital be vested in a full time Director to be appointed in charge of Indigenous system of medicine in Mysore as resolved upon by the Special Committee for the encouragement of the Indigenous system of Medicine at its meeting held on the 6th September 1942 in Mysore and until such appointment is made the Muzrai Commissioner with the help of an Advisory Committee be entrusted with the control and administration of the above said institution "

2 "That the proposed Hospitals be located in a building to be specially erected for the purpose in the maiden situated behind the old metal and white lead factory, the new road leading from Puttanna Chetty Town Hall towards the City forming the southern and the cross road connecting the new road and the Taluk cutchery road forming its western boundaries and that public subscriptions be invited for the purpose, and that provision be made in the new building for locating the Ayurvedic and Unani Hospitals with 25 beds attached to each section, dispensaing rooms, store- rooms, cook houses, flush-out latrines, etc., complete "

3 "That until a building for the purpose is constructed the two hospitals may be located in a rented building in any suitable locality on a monthly rent extending to Rs 150/- "

4 That in the opinion of this Committee it is deemed extremly desirable that the Ayurvedic and Unani Hospitals be housed in one building as separate units in charge of a common superintendent "

5 "That the following establishments be entertained for each section of Ayurvedic and Unani Hospitals

Government Order No L 2880-8/Ml 173-41-8 dated 9th September 1942 appointing a Committee consisting of the members noted on the margin to examine the question of establishing a Combined Ayurvedic and Unani Hospital in Bangalore City and to submit suitable proposals in this regard

ie Muzrai Commissioner in Mysore (Chairman)
ie Senior Surgeon with the Government of Mysore
ie Municipal Commissioner, Bangalore City
r C Machiah, B A , Retired Municipal Commissioner, Bangalore City
r Narayana Pandit, Gandhinagar, Bangalore City
hafiq-ul-mulk Khan Bahadur Mohamed Abbas Khan, angalore City
akim Mr Mohamed Abdul Salam Aslam, K T J , G neral Secretary, the Mysore State Unani Tibbi Conference, Bangalore
e First Assistant to the Revenue Commissioner in Mysore, Secretary to the Committee

2 Correspondence ending with letter No C 1036/41-42 dated 30th December 1942 from the Muzrai Commissioner in Mysore forwarding the report of the Committee

---

ORDER NO 111 861-920

Dated, Bangalore, the 5/6/ 1943

The question of establishing a combined Ayurvedic and Unani Hospital in Bangalore City, similar to the one in Mysore City, has been under the consideration of the Government for some time past In September last year, Government appointed a Committee under the Chairmanship of the Muzrai Commissioner to go into this matter and submit its proposals

The

The Committee presented on the 30th December an unanimous report which is printed as an appendix to this order

2 The recommendations of the Committee are mainly as follows

(1) That a combined Ayurvedic and Unani Hospital with provision for 12 beds in each section and with a pharmacy attached to it may be established at a central place to be selected in the City, at a recurring expenditure of Rs 30,318 per annum and a non-recurring expenditure of Rs 12,000, the Hospital being accommodated in a suitable rented building for the present

(2) That the institution may be named "Sri Jayachamarajendra Hospital"

(3) That the administration of the Hospital may be entrusted to an Advisory Committee with the Muzrai Commissioner as President and the Municipal Commissioner as Vice-President

(4) That the non-recurring expenditure may be met entirely by Government and that the recurring expenditure be met from the following sources

1	Bangalore City Municipal Council	Rs 4,512
2	Chatram Savings Fund	" 4,000
3	Government	"21,806
	Total	"30,318

3 Government have given their careful consideration to the recommendations of the Committee They consider that the establishment of a combined Ayurvedic and Unani Hospital, as proposed by the Committee, will be a further step in the general policy, which they have followed for years, of giving effective encouragement to the Ayurvedic and Unani systems of medicine in the State They are further of the view that, as the Hospital grows in popularity, ~~it might~~ may be ~~expected to reduce the present~~ the expenditure on allopathic services may be reduced ~~by an increasing resort on the part of the public to~~ substantially the ~~indigenous systems of medicine~~

4 Having ~~regard to these considerations,~~ Government are pleased to accept the recommendations of the Committee referred to in paras (1) (2) and (4) above and to direct that the Hospital be opened in Bangalore City with effect from the next official year The proposals in regard to the staff, the scale of pay etc required are generally approved

5 The Muzrai Commissioner is requested to submit the names of the gentlemen who may be appointed as members of the Advisory Committee to be constituted for administering the affairs of the Hospital

6 The Muzrai Commissioner and the Municipal Commissioner, Bangalore City are requested

requested to make available the contribution of Rs 4,000 and of Rs 4,512 respectively towards the Hospital Necessary provision will be made in the State Budget for 1943-44 to meet the non-recurring charges and the remaining portion of the recurring expenditure

7 The Muzrai Commissioner is requested to take all further steps in regard to the building required for housing the Hospital, its equipment and the personnel required All preliminary arrangements may be completed quickly so that the institution may begin working as early as possible

8 Separate orders will issue in regard to the proposal of the Committee regarding the naming of the Hospital.

9 Government desire to convey their thanks to the Chairman and the Members of the Committee for the exhaustive and interesting report which they have submitted on the subject

Secretary to Government,
Law Department

To

The Muzrai Commissioner in Mysore

Government Order No.L 2880-8/L1 173-41-8 dated 9th September 1942 appointing a Committee consisting of the members noted on the margin to examine the question of establishing a Combined Ayurvedic and Unani Hospital in Bangalore City and to submit suitable proposals in this regard.

The Luzrai Commissioner in Mysore (Chairman)
The Senior Surgeon with the Government of Mysore
The Municipal Commissioner, Bangalore City
Mr C. Machiah, B A, Retired Municipal Commissioner, Bangalore City
Mr Narayana Pandit, Gandhinagar, Bangalore City
Shafiq-ul-mulk Khan Bahadur Mohamed Abbas Khan, Bangalore City
Hakim Mr Mohamed Abdul Salam Aslam, M.T.J, General Secretary, the Mysore State Unani Tibbi Conference, Bangalore
The First Assistant to the Revenue Commissioner in Mysore, Secretary to the Committee.

2 Correspondence ending with letter No C 1036/41 42 dated 30th December 1942 from the Luzrai Commissioner in Mysore forwarding the report of the Committee

---

ORDER No L 11861-920/M1 173-41-10

Dated, Bangalore, 5th June 1943.

The question of establishing a combined Ayurvedic and Unani Hospital in Bangalore City, similar to the one in Mysore City, has been under the consideration of the Government for some time past. In September last year, Government appointed a Committee under the Chairmanship of the Luzrai Commissioner to go into this matter and submit its proposals. The Committee presented on the 30th December an unanimous report which is printed as an appendix to this order

2 The recommendations of the Committee are mainly as follows -

(1) That a combined Ayurvedic and Unani Hospital with provision for 12 beds in each section and a pharmacy attached to it may be established at a central place to be selected in the City at a recurring expenditure of Rs.30,318 per annum and a non-recurring expenditure of Rs.12,000, the Hospital being accommodated in a suitable rented building for the present.

(2) That the administration of the Hospital may be entrusted to an Advisory Committee with the Luzrai Commissioner as President and the Municipal Commissioner as Vice-President

(3) That the non-recurring expenditure may be met entirely by Government and that the recurring expenditure be met from the following sources -

1	Bangalore City Municipal Council	Rs 4,512
2	Chatram Savings Fund	" 4,000
3	Government	"21,806
	Total	Rs30,318

3 Government have given their careful consideration to the recommendations of the Committee They consider that the establishment of a combined Ayurvedic and Unani Hospital, as proposed by the Committee, will be a further step in the general policy which they have followed for years of giving effective encouragement to the Ayurvedic and Unani systems of medicine in the State

4 The

4 The Government are pleased to accept the recommendations of the Committee referred to in paras (1) (2) and (3) above and to direct that the Hospital be opened in Bangalore City with effect from the next official year The proposals in regard to the staff, the scale of pay etc , required are generally approved

5. The Muzrai Commissioner is requested to submit the names of the gentlemen who may be appointed as members of the Advisory Committee to be constituted for administering the affairs of the Hospital.

6 The Muzrai Commissioner and the Municipal Commissioner, Bangalore City are requested to make available the contribution of Rs 4,000 and of Rs.4,512 respectively towards the Hospital Necessary provision will be made in the State Budget for 1943-44 to meet the non-recurring charges and the remaining portion of the recurring expenditure.

7 The Muzrai Commissioner is requested to take all further steps in regard to the building required for housing the Hospital, its equipment and the personnel required All preliminary arrangements may be completed quickly so that the institution may begin working as early as possible

8 Government desire to convey their thanks to the Chairman and Members of the Committee for the exhaustive and interesting report which they have submitted on the subject.

No L 11861-920—Ml 173 41 10, dated 5th June 1943

ANNEXURE

REPORT

We, the members of the committee constituted to go into the question of starting a Combined Ayurvedic and Unani Hospital at Bangalore City, beg to submit the following Report

Under the terms of reference of Government Order No L 2880 8—Ml 173 41 8, dated 9th September 1942, constituting this Committee, we have been asked to go into the question of starting a combined Ayurvedic and Unani Hospital at Bangalore City and submit definite proposals in regard to the following points —

(1) Location of the Hospital—either combined or separately
(2) (*a*) Strength of establishment for each of them
(*b*) Scale of pay to be allowed to each of them
(*c*) Other items of expenditure
(3) Department under whose control the hospital should work
(4) Other allied matters that may be useful in this behalf

The committee met three times—on the 22nd and 30th September and 10th October 1942, and all the members were present during all the meetings The resolutions adopted at these meetings are contained in Annexure I Messrs *Shafiq ul mulk Khan Bahadur* Mahomed Abbas Khan, C Machia and Hakim M A Salam had sent written opinions and copies of the same are enclosed as Annexure II

The committee realise that the present time is most opportune for giving an impetus to the scientific development of the indigenous systems of medicine In view of the fact that the bulk of the people in rural areas have considerable faith in these systems of medicine and as the drugs used are cheap and also because great difficulty is experienced in obtaining medicines from foreign countries at the present time, the Committee feel that the scheme referred to them for detailed examination starts under very favourable conditions and envisages a great and useful future

At present, one Ayurvedic and one Unani Dispensary are maintained by the Bangalore City Municipality, wherein provision exists for the treatment of out patients only The committee recommend that the existing dispensaries may be converted into a single hospital with provision for 'In' and 'Out patient departments with a pharmacy attached to each section To begin with provision is proposed for twelve beds in each of the in patient wards of the two sections The committee are further of opinion that the two hospitals, Ayurvedic and Unani, may be treated as one combined institution under one management as separate units

Control —The committee are given to understand that the Special Committee constituted in Government Order No L 1786 1821—L B 59 42 2, dated 10th August 1942, to examine the question of encouraging the indigenous systems of medicine have recommended the formation of a separate department to control the Indigenous Medical Institutions in the State Pending consideration of the recommendation of the above committee we are of opinion that, as in the case of the Mysore Ayurvedic and Unani College and Hospitals, the proposed Combined Hospital in Bangalore City should also be under the administrative control of the Muzrai Commissioner as President, the Municipal Commissioner, Bangalore City, as Vice President, assisted by an Advisory Committee

Location —The Present Ayurvedic Dispensary is located in Purniah s Choultry Building, Balepet, Bangalore City, and the Unani Dispensary in one of the shops attached to the New Market, Bangalore City For housing the hospital, sufficient room for the accommodation of in patient beds, out patient dispensing sections for men and women, examining and consulting rooms, pharmacy section with kitchen, besides a mortuary, etc , is necessary Considered from this point of view, the existing buildings will not be useful for the location of the proposed hospital We have also considered the question as to whether the two hospitals should be

housed in one and the same building or in different buildings in the same locality or in different localities, etc , and we have come to the conclusion that the proposed hospital should be located in one and the same building in two different wings in a central area as it would not only facilitate supervision and control but would also enable co ordination of work between the two systems of medicine Either Sri Narasimharaja Road or Chamarajapet I Road, Bangalore City, would be most suitable localities wherein such a hospital could be located

The committee are of unanimous opinion that the combined hospital should have a building of its own and as such recommend that a suitable building with provision for future additions may be constructed preferably on the southern end of the maidan behind the old Metal and Whitelead Factory if it can be made available or on any other suitable site in a central area to be selected for the purpose The Senior Surgeon who was requested to furnish the committee with a few designs of the building for the location of the hospital has kindly sent one design which the committee consider as suitable

Pending construction of such a building and in view of the fact that the existing Municipal dispensary buildings will not answer the needs of a Combined Hospital, it is necessary for the present to rent out a building or buildings for the purpose The Municipal Commissioner was requested to suggest a few likely buildings wherein both the hospitals could be located together, and if this was not available to suggest two separate buildings in close proximity to each other A few of the buildings suggested by him as also by *Shafiq ul mulk Khan Bahadur* Mahomed Abbas Khan were jointly inspected by the members on 7th October 1942, among which was the new building constructed by the Mysore Sugar Company in Sri Jayachamarajendra Road

The committee are unanimously of opinion that the ground floor of the Sugar Company building would be most suitable for locating the Combined Hospital till a separate building is provided for the institution This building is now rented out to the Bangalore City Post Office on a monthly rental of Rs 200 and it is ascertained that the postal authorities are contemplating to shift the office to the old building which is stated to be under repairs and that the building would be available before January 1943 Negotiations will be carried on with the Sugar Company for the lease of this building at a reasonable rent If this building cannot be secured for such rent as the scheme can afford to allot, the committee have authorised the Chairman and the Municipal Commissioner to fix up another suitable building or buildings A provision of Rs 2,400 at Rs 200 per month has however been included in the estimated recurring expenditure

Establishment—The committee had before them the statement of establishment now working in the Ayurvedic and Unani Hospital at Mysore For a combined in patient ward and out patient dispensary with a pharmacy for the preparation of medicines attached to it, the committee are of opinion that the establishment proposed in Annexure No III is very necessary Provision has been made therein, for a Senior Physician for each of the two sections on a pay of Rs 100—5—150 and he will be in direct charge of the hospital and exercise supervision and control over preparation of medicines, the 'In' and 'Out' patient wards and the establishment He will also be Resident Medical Officer and a monthly allowance of Rs 25 has been proposed for the purpose This is an important post and his ability, qualification and experience will create trust and confidence in the public and contribute to the wide popularity of the hospital A practitioner of eminence in the profession will have to be selected for the post and for this purpose, the Committee recommend that a degree or diploma from a recognised Ayurvedic or Unani College may be fixed as a suitable qualification for the two posts, respectively, and that preference may be given to men with experience

Two junior and one lady physician for each section on a pay of Rs 50—5/2—75 have also been proposed One of the junior physicians will be in charge of the out patient section and the other of the pharmacy for preparation of medicines, while the lady physician will attend to women patients and also assist in the in patient ward when necessary The other establishment consists of two ward assistants on Rs 30—1—40 each, to do duty in the in patient ward by turns, two

compounders on Rs 20—2—30 each, one for the out patient dispensary and the other for the pharmacy, three pharmacy attendants to attend to manufacture of medicines and pills, etc , and two cooks, one senior cook on Rs 20 per month and an assistant on Rs 12 per month The services of a clerk who has passed in Accounts with a fair knowledge of typing for maintaining accounts and attend to correspondence are also necessary The other items of the proposed establishment do not call for any remarks The average cost of establishment of each of the two sections comes to Rs 651 $\frac{5}{6}$ per mensem or Rs 7,822 per annum

In addition to the above, the Committee think that it is necessary to appoint a Medical Officer with necessary staff to co ordinate and control the working of the two sections of the hospital and to secure an efficient administration of the institution The appointment of a Medical Officer in grade Rs 150—10—250 to be in charge of the Combined Hospital has therefore been proposed He will be the Drawing Officer and cause the maintenance of the necessary registers, accounts, etc , that may be prescribed from time to time, and be responsible for office work and the general management of the Combined Hospital He will also attend to professional work He may be selected from among the physicians holding a degree in the indigenous systems of medicine with a qualification in Allopathy The Committee are further of opinion that the appointment may be made by the Muzrai Commissioner in consultation with the Municipal Commissioner and the Senior Surgeon The posts of a clerk, a peon and an attender are also proposed to assist him The total average cost of the common establishment comes up to Rs 281$\frac{1}{6}$ per mensem or Rs 3,374 per annum

The grade and pay of each appointment proposed by the Committee have been fixed in consideration of the costliness of life in a place like Bangalore and also to secure the services of the most suitable men

In this connection, it may be stated that both the Ayurvedic Pandit and Unani Hakim now working in the Municipal Dispensaries, have been drawing a pay of Rs 100 in grade Rs 60—5—100 and have put in a service of 23 and 17 years, respectively and that the former is stated to be a graduate of the Mysore College (1916 batch) and the latter to have passed from the Punjab Homeopathic Medical College, Lahore (1928) in Ayurveda and from the Hydropathic Institute, Meerut, U P (1928) in Unani He also holds a diploma of the Tibbi College, Delhi The Ayurvedic compounder is stated to have passed the Ayurvedic compounding training drawing a pay of Rs 25 per mensem in grade Rs 15—1—25, while the Unani compounder has passed the L U M S Examination of the Mysore Ayurvedic and Unani College and is drawing Rs 24 per month in grade of Rs 15—1—25 The Committee recommend that the above establishment as also the menials now working in the Municipal dispensaries may be absorbed in suitable posts in the combined section of the hospital

Other Items of Expenditure

(*a*) *Medicines* —In the Hospital at Mysore, the average daily attendance is 450 to 500 in the Ayurvedic section and 600 to 650 in the Unani section of the Out patient Dispensary The average cost of medicine per patient per diem is 3 to 4 pies in the former and 4 to 5 pies in the latter The accommodation in the in patient wards is for twelve beds in each section The average expenditure under medicines in the Mysore Hospital comes to Rs 2,000 per annum as supplied from the pharmacy at cost price In the proposed Combined Hospital at Bangalore, it is expected that the average daily attendance would be not less than 300 in each section to begin with Moreover, the free supply of the herbs and drugs from the herbarium attached to the College at Mysore is not available here and the cost of medicine is therefore likely to be slightly higher In view of all these considerations, the Committee are of opinion that at least Rs 2,000 per annum will be the amount that may be required for each of the two sections of the hospital towards medicines In this connection, the Committee wish to recommend that the question of developing the cultivation of medicinal herbs by the Horticultural Department may be investigated

(*b*) *Diet Charges* —In the Mysore Hospital where also accommodation for twelve beds exists in each section, the average cost of diet and other necessaries works up
